Description of Opportunity Job Summary:

The 10-week Summer Internship Program is a great opportunity to learn about the insurance industry as well as build technical knowledge and professional skills. You will gain exposure to the rapidly changing cyber insurance landscape and learn from seasoned underwriters how to analyze and price risk. Other job function expectations include: ensuring appropriate file documentation and compliance and assisting direct manager with various departmental projects as necessary.

Key Duties and Responsibilities:

- Analyze underwriting submissions for new and renewal accounts
- Assess various risk exposures, review policy wordings, and determine price adequacy
- Shadow underwriters as they communicate and negotiate deals with potential and existing clients
- Perform tasks designed to gain a better understanding of emerging risk exposures
- Work with underwriting staff to analyze and improve broker relationships
- Research and present a final project and present it to the team

Preferred Skills**Required Experience & Education:**

- We are looking for a self-starter, highly motivated candidate with a strong analytical aptitude.
- You should have interest in insurance, specifically in cyber risk
- Advanced knowledge of MS Excel
- Strong interpersonal, verbal, and written communication skills
- Pursuing bachelor's degree, preferably an incoming senior (also consider incoming juniors)
