Description of Opportunity

AmericanAg®, a global provider of diversified reinsurance services, is looking for a Reinsurance Reporting Intern to join our Farm Bureau® Client Relations team this summer in our office in Schaumburg, Illinois.

This internship offers a unique opportunity to gain hands-on experience in the reinsurance industry and contribute to meaningful projects. We are looking for students who are between their junior and senior years of college with strong analytical and problem-solving skills and interested in developing an understanding of reinsurance programs.

The Reinsurance Reporting Intern will be responsible for:

- *Assisting Account Executives with client work and internal projects, particularly focusing on the post reinsurance renewal process
- *Demonstrating proactive problem-solving, strong analytical skills, and critical thinking to identify opportunities to simplify and automate data collection, analysis, and reporting processes
- *Collaborating effectively across departments to ensure seamless client support and improve workflows and dataflow
- *Preparing business review materials by running reports, analyzing data, and assembling presentations
- *Creating client materials, including reinsurance renewals, presentations, and marketing materials
- *Assisting Account Managers in monitoring open work, timelines, and deliverables to clients
- *Exhibiting strong communication and interpersonal skills when interacting with internal teams

This internship at AmericanAg® offers:

- *Hands-on experience in the reinsurance industry
 - *Exposure to a broad segment of clients and diverse projects
 - *Mentorship and professional development opportunities
 - *Collaborative and inclusive work environment
 - *Competitive pay of \$27.00 per hour, based on a 37.5-hour work week
 - *Flexible work schedule with the option to work 8.33 hours per day for nine days and have the tenth day off (every other Friday)
 - *Option to work from home every other Friday (that is not a Friday off)
-

Preferred Skills

What you will bring to this position:

- *Strong problem-solving, analytical, and critical thinking skills
- *Strong Excel skills
- *Proficiency in Microsoft Outlook, PowerPoint, and Word
- *Experience with data visualization tools (e.g., Tableau, Power BI) is a plus
- *Excellent written and oral communication skills
- *Ability to handle multiple projects simultaneously in a well-organized manner
- *Insurance knowledge or currently pursuing a degree in Insurance, Business, or a related field (preferred)
