Position Title: Actuarial Intern

Opportunity Type: Internship

Opportunity Location: Overland Park, KS

Opportunity Start Date: May/June 2015

Job Description: This is a temporary, full time, summer intern position. The position is open to students who have successfully completed (at minimum) their sophomore year. Estimated length of assignment is 12 weeks.

- Develop, test and/or validate models that support reserving and experience analysis.
- Gather and validate data to aid in the development of business models.
- Support efforts in projecting financial results and sensitivity analysis.
- Summarize and communicate results to technical and non-technical audiences. Learn actuarial techniques and their applications.

Basic Qualifications:
- Full time students working towards a Bachelors degree in Actuarial Science, Mathematics, Statistics, Risk Management or a related field.
- Ability to work on and complete projects in a team oriented environment.
- Proficiency in using spreadsheet software.
- Minimum 3.0 cumulative GPA.

Preferred Skills:
- Effective verbal and written communication skills.
- Good analytical and problem solving skills.
- Completed junior year.
- At least one actuarial exam taken.
- Knowledge of databases and database queries.
- Intent to attain membership in the Society of Actuaries.
Eligibility Qualifications:

- Must submit your application for employment through gecareers.com to be considered (Internals via COS)
- Must be 18 years or older.
- Must be willing to comply with preemployment screening, including but not limited to drug testing, reference verification, and background check.
- Must be willing to work out of an office in Overland Park, KS.
- Legal authorization to work in the U.S. is required. We will not sponsor individuals for employment visas, now or in the future, for this job opening. GE will only employ those who are legally authorized to work in the United States for this opening. Any offer of employment is conditioned upon the successful completion of a background investigation and drug screen.
